

Nature Scavenger Hunt

Try our tropical scavenger hunt to make the most of your next nature walk! Activate those observational skills and connect with the world around you. Its full of wonders just waiting for a curious child like you to discover them!

A stick! Can you find one taller than you or shaped like a letter 'Y'?

A flower, or more. how many colours can you find?

Tree bark - feel its texture, is it rough or smooth?

A vine - can you weave it into a bracelet? or a crown?

Can you find an insect? Look closely, they are often well camouflaged!

A coloured leaf: red, green or yellow - can you make a traffic light?

A pebble, or more, can you make a shape from them or stack them tall?

Seed pod, and / or seeds. What do they look like to you? Do you know what tree or plant they are from?

Can you find a giant leaf bigger than your head?

Can you find a rainbow, or a fairy, or elf or something magical?

Great work everyone! Now take a photo of your nature haul. Can you arrange all of your objects into a picture? What could it be? Take a photo then give your items back to nature.
